

CollegeDebate 16 hosts voter registration for Primary

In a campus and community effort to meet the May 23 deadline to register or re-register to be able to vote in California's June 7 primary, College Debate 2016 organized a voter registration event May 2 on the Caleruega Dining Hall Plaza on the Dominican University of California campus.

Dominican students with laptops conducted online registration. Voters can still register either via <http://registertovote.ca.gov/> or via Dominican.turbovote.org (if a Dominican student, faculty or staff).

Remember: You need to re-register to vote when you move to a new permanent residence, you change your name, or you change your political party choice. California has specific rules related to party affiliation and the Presidential primary election. Please visit the [California Secretary of State website](#) for more information.

Named a Voter Education Partner for the [Commission on Presidential Debates](#), Dominican is leading a first-of-its kind national initiative to use technology and social media to engage college students in the presidential election. [College Debate 2016](#) will provide college students from throughout the United States a platform to discuss and debate the complex issues facing our country. The end result will be a memo to the moderators of the 2016 Presidential Debates containing detailed College Debate 2016 questions for the candidates.
